## ➤ Core Products & Services

Holding BSA (Block space agreements) with major carriers, which give us Priority in capacity and Price.

Global Network, capability of offering Import and Export Solutions for shipments Around the globe.

We undertake Sea Air shipments, providing an economical costing to transport large tonnage across the Globe.

Trading platform, we offer niche assistance in offering traders a platform to negotiate directly with manufacturers in China/HKG, all enquiries are handled by our dedicated trading desk.

Charter Handling, our dedicated facility in Sharjah is capable of handling build-up for on entire charter operation, customers will have access to view the loading and ensure maximum capacity is utilized on the charter.

## ➤ Project Cargo

GFX can offer a seamless portfolio of support services from the initial planning, budgetary phase to the final delivery. Our expert team designs to offer effective handling of project shipment in meeting client's requirements. We undertake feasibility and engineering studies for heavy-lift, over-dimensional and/or critical items for the project. Perform route surveys to ensure that the best concepts for the project as they relate to cost, performance and safety, are proposed, implemented and realized

We have differentiated project logistics competitiveness based on our heavy cargo transport capacity, consulting capabilities assisted by a robust overseas network. Special cargo for oil & gas industry, EPC, power and energy, petrochemical, renewable energy or infrastructure projects, mining, military and defense are among the various sectors where we have under taken projects.

## ➤ GSA Sales – Safe Air Company (S.A.C)

Safe Air Company (S.A.C.) is a leading airline based in Jomo Kenyatta International Airport in Nairobi, Kenya providing commercial passenger and cargo services across Africa, Europe, Asia and the Middle East.

As an Aviation service provider, GFX represents Safe Air Company (IATA code – K3) as their Cargo GSA in the region. Our unique understanding of remote locations in East, West, and central Africa; along with routes in to both primary and secondary airports less served in South East Asia, sets us apart from our competitors when it comes to air transport of Humanitarian and Industrial projects movements.

Our ever-expanding online network of both Passenger and Freighter routes, with our owned and leased aircraft, now connect multiple continents. Supplemented with our vast network of interline arrangements with multiple carriers, we offer our own unique connections to cater to air logistics support operations to multiple industries including Oil and Gas, AOG, Pharmaceuticals, Humanitarian, Mobile phones, etc.

Our strength lies in our ability to undertake any movements - big or small, to most parts of the world.

## ➤ Charter Sales & Services

Team with over 15 years of experience in the cargo charter market & presence of our unrivalled networks of contacts for aircraft procurement, permits, documentation & experience in liaising with ground handling agents across the globe; put us in front foot to quickly analyze route, payload and timescale in order to propose the most suitable cargo aircraft for our client's requirements.

Above, coupled with our buying power and airline relationships, enables us to provide our clients with superbly competitive pricing.

We can also organize part-charters, humanitarian air logistics, transportation of heavy & outside items and landing on short runways and grass strips in areas with limited local infrastructure.

## ➤ Service at our Base

Our operations team delivers round-the-clock flight support for cargo operators at our base in Sharjah International airport, from ground handling, cargo build-up, fueling to aircraft catering; all can be arranged 24 hours a day, 365 days a year.

Our operations specialists stay in regular contact with airports and key service providers, ensuring that accurate information is available to us when planning a customer's flight.

Our charter team is available 24/7, keeping our client's abreast of the charter process, handling and information throughout the charter process.
